To align with direction regarding the correct use of the name of the Church, the wireless network in meetinghouses and other Church facilities will be changing from “LDSAccess” to “Liahona.” Meetinghouse internet is provided to enhance gospel learning and instruction, support Church administrative functions, and further the purposes of the Church. Users are encouraged to begin using the Liahona network immediately. The Liahona network can be accessed using the password “alma3738”.

We have a former ward member in prison. He is feeling very alone and could really use the support of ward members willing to drop him an encouraging letter. Bishop Owens can fill you in if you are willing to help. Here is the information:
